

WAYAKO RELIVES ANOTHER UNIQUE YEAR

With the aid of 4 amateur photographers, 15 "green" yearbook staff members and one enlightener, the '66 Wayako was perfected. More pictures and novel ideas were the goals of the staff. Although there was some panicking, as was true in previous years, the deadlines were met. Co-editors Darien Barth and Mark Anderson, and Business Manager Mark Eckes, with the guidance of Mr. Freeberg, worked hard and hark with their staff to produce a Wayako for the class of '66 to be proud of.

It was the night before deadline and all through the pub, confusion reigned supreme.

Only one had time to sleep when deadlines drew near.
