

SPANISH PROMOTES COMMUNICATION

Leer, Hablar y Escribir are all a part of the Spanish classes taught by Senora Ohman and Senorita DeVogal. The first year classes concentrated on speaking and listening to Spanish. Second year classes continued these practices but with more emphasis on reading. Writing in Spanish, along with reading and speaking were included in the third year classes. The hours were made more enjoyable through songs, parties, games, movies, and the visit of Senor Jorge Salazar from Chile.
